Python developer with 5+ years of experience in building and maintaining web applications using Flask, Django, and the MERN stack. Proven ability to work independently and as part of a team to deliver high-quality products on time and within budget. Expertise in Python, JavaScript, HTML, CSS, and SQL.

EDUCATION

BS   Kyoto University at Kyoto, Computer Science   April 2014 ~ March 2018
Minored in Mathematic

WORK EXPERIENCE

SnipTop, Remote   Aug 2021 to May 2023
Position: Python Developer
Developed and maintained web applications using Flask, Django, and React
Worked with a team of engineers to design, implement, and test new features
Deployed and managed applications to AWS
Collaborated with stakeholders to gather requirements and ensure that applications met their needs

Yoda Coin Swap, Remote   April 2019 to Dec 2022
Position: Software Engineer Intern
Developed and maintained web applications using Flask and Django
Worked with a team of engineers to design, implement, and test new features
Deployed and managed applications to AWS

LANGUAGES

Japanese: Advanced

English: Fluent

SKILLS

Programming languages: Python, JavaScript, HTML, CSS, SQL
Web frameworks: Flask, Django, React, Node.js
Databases: MySQL, PostgreSQL, MongoDB
Cloud computing: AWS, Azure, GCP
Version control: Git
Testing frameworks: JUnit, PyTest
Agile development methodologies
DevOps tools and practices

CERTIFICATIONS

- Full-Stack Web Development with React Certification
- Front End Web Development Certificate
- Back End Web Development Certificate
- AWS Certified DevOps Engineer — Professional
- Free Code Camp Full Stack Development Certification

Memberships

- Association for Women in Computing (AWC)
- Association of Information Technology Professionals (AITP)

Dear Hiring Manager

I am writing to express my interest in the Python Developer position. I have 5+ years of experience in Python development, with a focus on Flask, Django, and the MERN stack. I have a proven track record of success in developing and maintaining high-quality, scalable Python applications.

In my previous role, I was responsible for developing and maintaining a complex Python application that was used by over 100,000 users. I have experience with all aspects of Python development, including:

- Designing and developing Python applications using Flask, Django, and the MERN stack
- Writing clean, efficient, and maintainable Python code
- Unit testing and integration testing Python applications
- Deploying and scaling Python applications to production environments

I am also proficient in JavaScript, HTML, and CSS, and I have experience with a variety of front-end development frameworks, including React and AngularJS.

I am a highly motivated and results-oriented individual with a strong work ethic. I am also a team player and I am eager to learn new things. I am confident that I can make a significant contribution and help the company achieve its goals.

I am eager to learn more about the Python Developer position and how I can contribute to your team. I am available for an interview at your earliest convenience.

Thank you for your time and consideration.

Sincerely,
Yujin Hirose.
